It is proposed to publish in the town of Shelby, a weekly paper bearing the above title, provided a sufficient number of subscribers can be obtained .-There is a large portion of Western North Carolina where the want of such a paper as the Casket is designed to be has long been felt; and in view of this want we have been induced to undertake the enterprize. It will be needless to say much here in behalf of the Casket, as we expect it to stand on its own merits: but we will merely remark that in the selections for its columns, the tastes of all classes of our conmunity will be consulted. However, it will be more particularly devoted to Literature, Education and General News. The Literary department will be enriched by the pens of several able correspondents, together with choice selections from the best sources our country affords. In regard to politics, and all such matters, the Casket will be perfectly independ-
